

Connecticut Century Corps or CCC

The Civilian Conservation Corps from the 1930's created many of the trails found in the USA. The Connecticut Century Corps believes the best way to conserve our State Forests is to have hikers experience the wide variety of trails in Burlington and surrounding towns. Burlington has over 200 miles of hiking options, most of which are loop hikes. Today's CCC has many great trail choices for a hiker, family, or group.

Guidelines for the Connecticut Century Corps

The hiking year starts January 1 and lasts for 12 months. The awards are mailed to hikers a month after their application is received. A goal is to experience the great variety of trails in Burlington and also our state, so at least 10% of your trail miles must come from Burlington and the remainder can include any of the trails listed in the Connecticut Walk Book. A favorite hike can be repeated but only once per year. Add the trail name and miles on the bottom or back of the application plus #2 which indicates you did it twice. List all the Burlington hikes on page 1 and other CT hikes on page 2 of the application.

You can do any hike in the opposite direction. This is rewarding since everything is seen from a new view point. It is more challenging because you have to read the directions backwards. It adds more adventure, but you can only do this hike once and it counts as a new hike. If you do a hike in the reverse direction, add it to your list at the bottom or back of the application with "reverse" or "Rev" noted after the trail name.

It may be difficult to complete 100 miles in the current Hiking Year, due to weather, injuries, and social obligations. The CCC understands, and lets you combine 2 or 3 Hiking Years to achieve 100 miles. You must file an application with the BLT each year. It does not require a fee, it is just a record of your total miles that you can apply to the application for the next Hiking Year. Add the subtotal at the top of page 1. You also can continue to earn a 2nd Century Award and a stainless steel water bottle with CFPAs hiking challenge:

The CCC was created to attract families into hiking as a life long recreation. A hiker's age is defined as the year on the date of the post marked application envelope. Hikers before age 10 can earn a CCC award after completing a quarter of a Century (25+ miles). Hikers before age 16 can earn a CCC award after completing a semi Century (50+ miles).

The CCC application is on the next 2 pages. Once you complete 100 miles, mail in both pages. If you did hikes not found on the application, add it on the blank lines on the front. When that is filled, use the back of the application. Transfer the mile subtotals to the front.

Below are the links to all the town hiking trail web sites that include maps with detailed trail descriptions:

CT : <https://www.ctwoodlands.org/blue-blazed-hiking-trails/blue-blazed-hiking-trails-interactive-map>

Certificates will be given to the 3 earliest finishers based on their age group: 3-9, 10-16, 17-19, 20's, 30's, 40's, 50's, 60's, 70's, 80+. Your age group is based on your age when you mail in your application. If there is a tie, the application with the greatest miles breaks the tie. The certificates would be for the Gold, Silver, & Bronze Award
